Air2You Aerial Videography

New for 2010

This is a great new advertising tool for your website and marketing program. Aerial remote control videography of your resort will give you a unique bird's eye view of your entire property with full 360 degree unobstructed coverage.

Air2You's newest hi-tech, six rotor, battery powered remote control helicopter comes fully equipped with the latest in still and video digital photographic technology. A combination of aerial and ground based still photos and videography will give your resort the image boost you've been looking for.

Based in Thunder Bay, Rob Chandler of Air2You Videography will be available weekends only during this tourist season. He will be filming several Canadian Classic Fishfry commercials this summer on Lac Seul, Eagle Lake, and Lake of the Woods. If you are interested in low cost aerial videography of your resort and possibly being featured on one of our TV commercials, website, and other marketing materials please contact us at your earliest convenience. We will be pleased to discuss the details with you.

Visit Rob Chandler's website @ www.rcp.ca
